

Submission by Éamon Ó Cuív

This submission refers to the draft RSES Report.

As a public representative for the west I strongly welcome and support Objectives 115 (a) and 115(b) of the draft RSES Report which refer specifically to the re-opening of the Western Rail Corridor from Claremorris to Athenry and northwards from Claremorris to Sligo. I believe the redevelopment of this infrastructure to be vital for the future of our region both from an economic and environmental perspective. In particular I believe urgent priority should be given to the re-opening of Claremorris and Athenry section of rail line and the development of comprehensive commuter services from Mayo, Athlone and Limerick into Galway with frequent high quality services ,particularly at rush hour.
