Submission: Dear Sir/madam

I strongly welcome and support Objectives 115 (a) and 115 (b) of the draft RSES Report which refer specifically to the re-opening of the Western Rail Corridor from Claremorris to Athenry and northwards from Claremorris to Sligo. I believe the redevelopment of this infrastructure to be vital for the future of our region both from an economic and environmental perspective.

With all the current discussion about the need to reduce our carbon footprint , the Western Rail Corridor project is the ideal infrastructural project to enable us top deliver on reducing our carbon emissions.It would also lead to greater economic growth in the western region and take the pressure off our over crowded cities on the east coast where we have a huge housing crisis.
