To whom it may concern,

This submission refers to the draft RSES Report.

I strongly welcome and support Objectives 115 (a) and 115 (b) of the draft RSES Report which refer specifically to the re-opening of the Western Rail Corridor from Claremorris to Athenry and northwards from Claremorris to Sligo. I believe the redevelopment of this infrastructure to be vital for the future of our region both from an economic and environmental perspective.

In addition, the provision of public transport for those with disabilities, including those with Alzheimer's and other forms of dementia, is crucial so that our citizens are supported to live as well as they for as long as possible.

Yours sincerely,

Pat McLoughlin
