SO... WHAT DO WE DO?

Create Better Places and a more Competitive Region. Your Region.

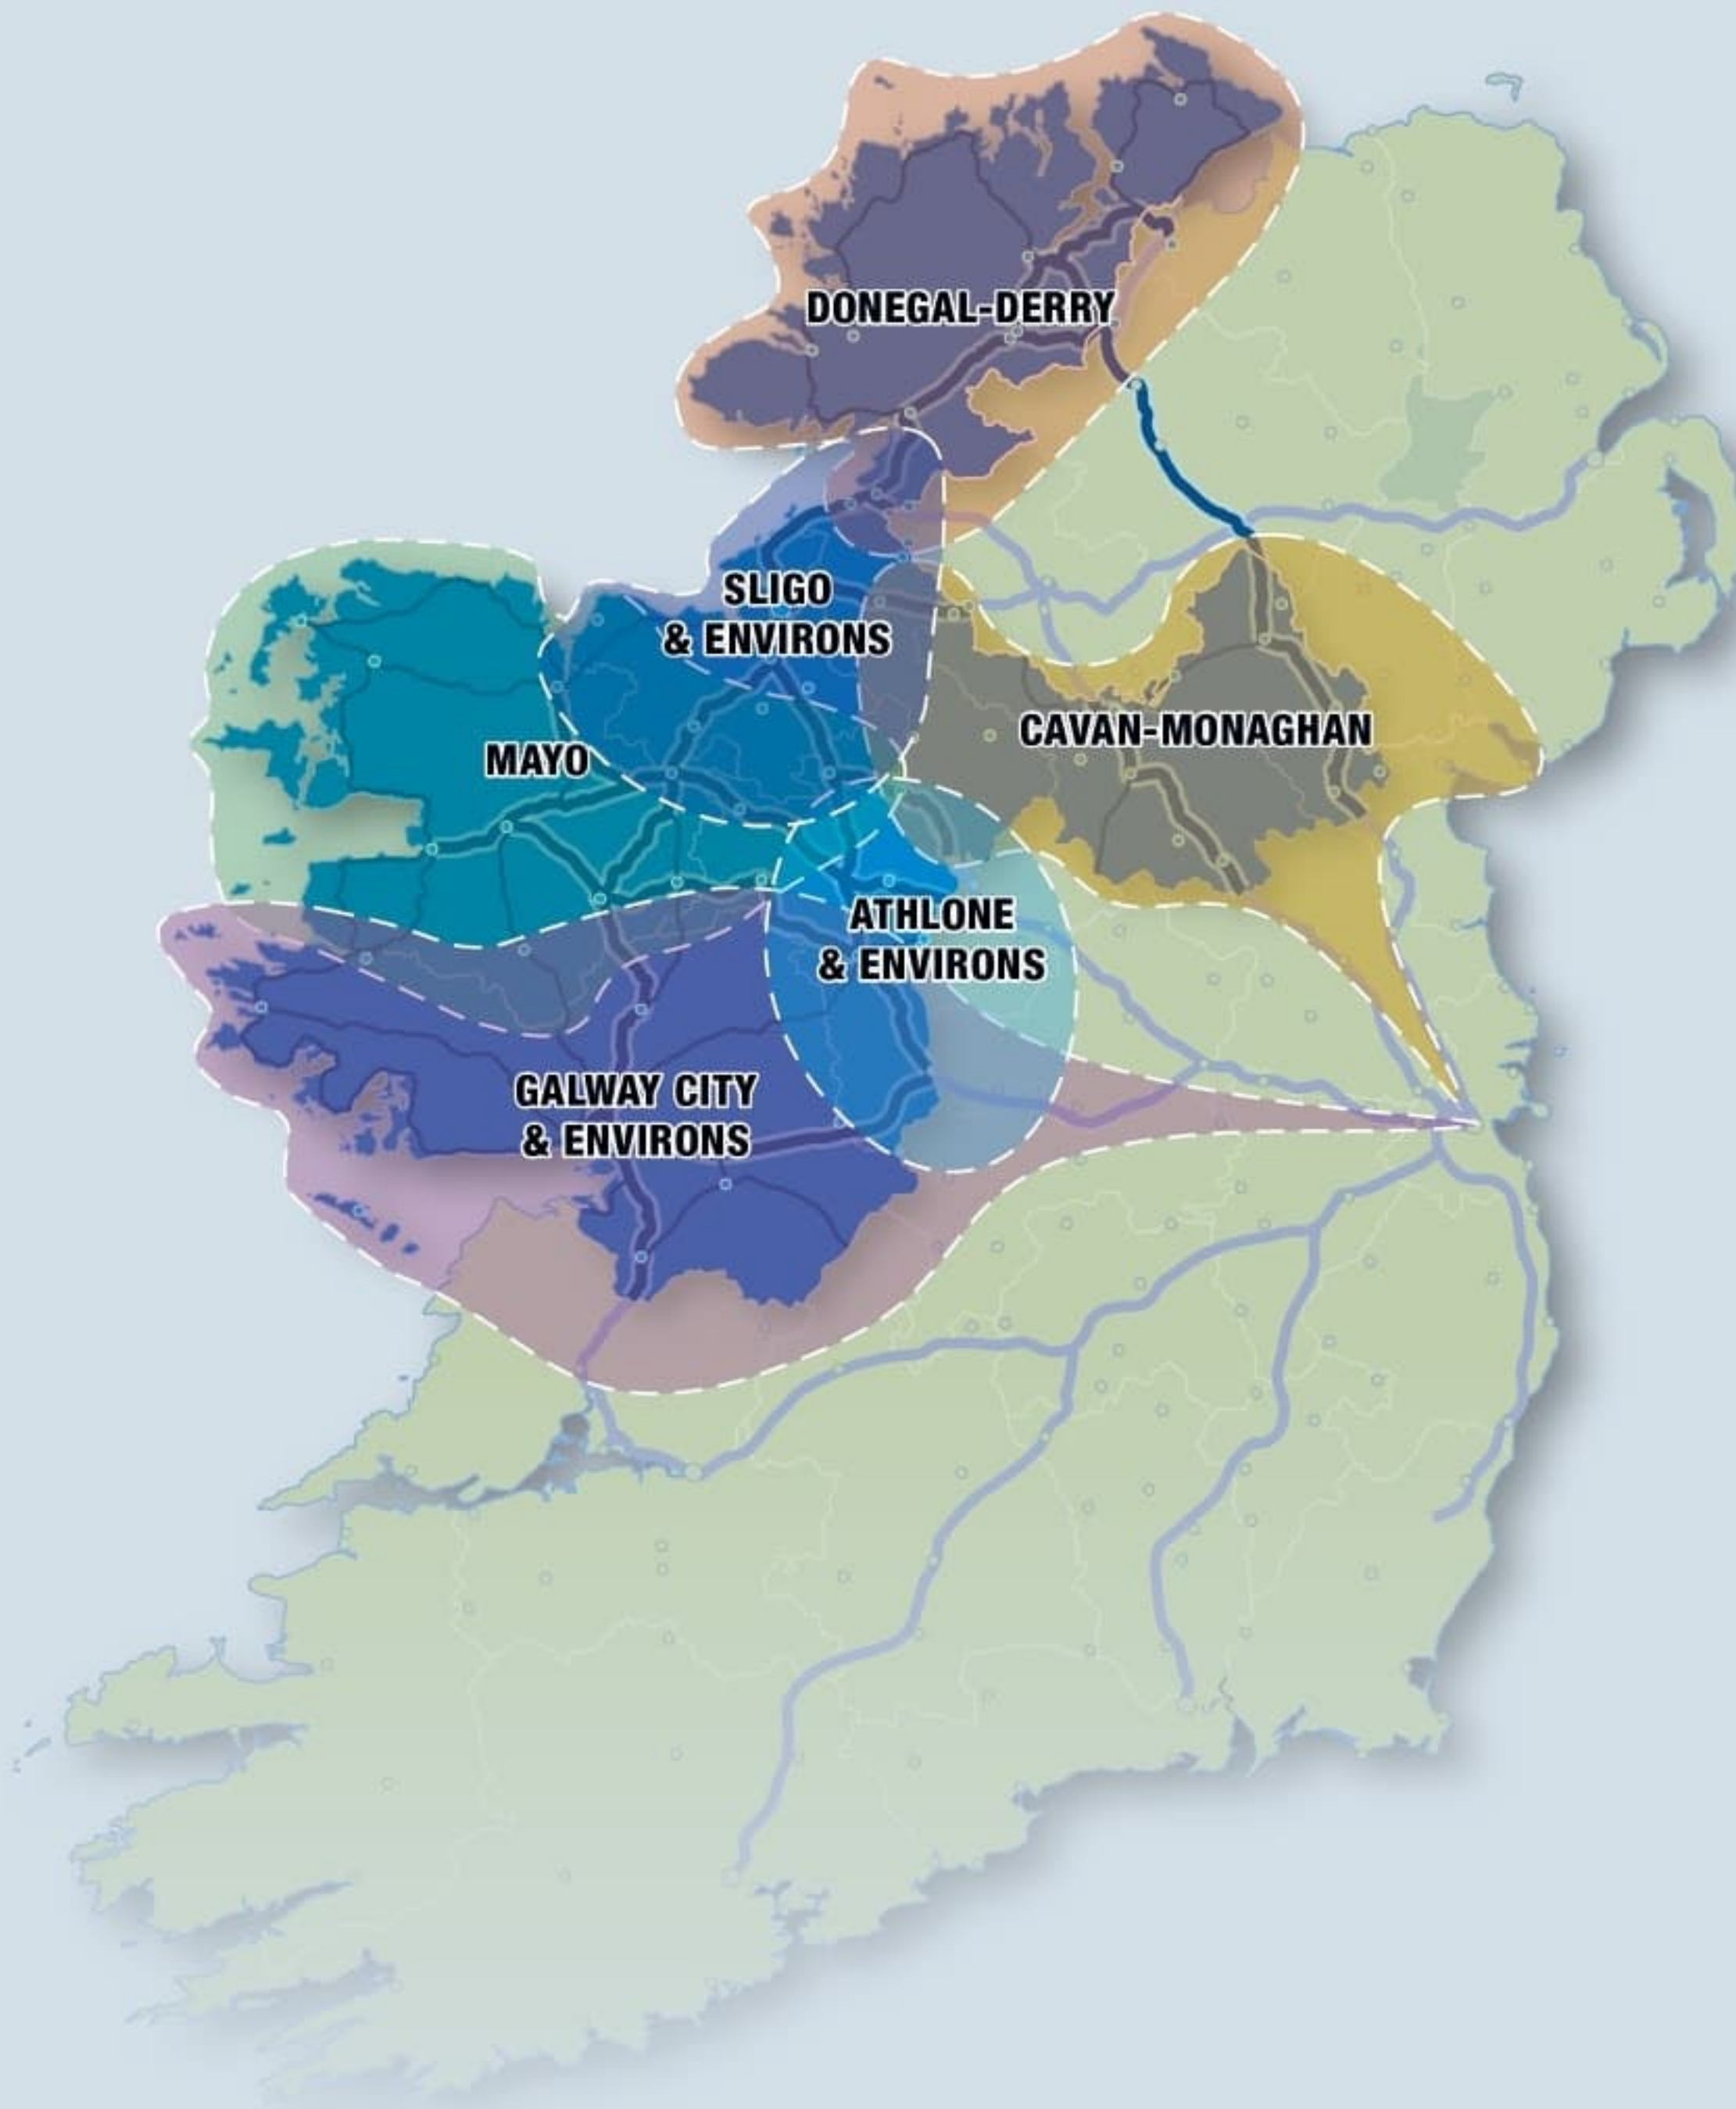

1 Create **BETTER PLACES** by ensuring our region adopts effective planning and economic development policies centered on sustainable and resilient growth.

2 Enhance our **COMPETITIVENESS** by optimizing all exchequer and EU funding (with local & regional partners) to ensure appropriate levels of investment and infrastructure are secured for our region.

3 Act as a **PLATFORM** for collaboration, knowledge transfer and ultimately regional economic development.
